

This is to certify that
Centerprise International Ltd

Lime Tree Way, Basingstoke, Hampshire, RG24 8GQ, UK

Has been assessed
by Richard Mason for IT Governance Ltd
against the Cyber Essentials Scheme Test Specification

Level of certification: **Cyber Essentials PLUS**

Scope: Centerprise International private network and hosted systems based in Basingstoke and Wales.

Certification date: August 28th, 2019

Recommended re-assessment date: **August 27th, 2020**

Certificate no.: 6275021174910648

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
