Centerprise Group Anti-Slavery and Human Trafficking Policy

1. Policy Statement

- 1.1 As an organisation that supports fairness, equality, and diversity, we wholeheartedly welcomed the introduction of the Modern Slavery Act 2015. Modern slavery is a crime and a violation of fundamental human rights. It takes various forms, such as slavery, servitude, forced and compulsory labour and human trafficking, all of which have in common the deprivation of a person's liberty by another to exploit them for personal or commercial gain. We have a zero-tolerance approach to modern slavery, and we are committed to acting ethically and with integrity in our business dealings and relationships. We will not trade or partner with any business or organisation which is involved in this shocking practice, however remotely or indirectly.
- 1.2 This policy applies to all persons working for us or on our behalf in any capacity, including employees at all levels, directors, agency workers, seconded workers, volunteers, agents, contractors, external consultant and third-party representatives and business partners.
- 1.3 This policy does not form any part of any employee's contract of employment, and we may amend it at any time.
- 1.4 We review the risks that our supply chains can present. We expect our suppliers and contractors to demonstrate a zero-tolerance approach to exploitation.
- 1.5 By evaluating modern slavery risks, this process helps the internal management to consider how to address modern slavery and determine where the appropriate action is required.

The decisions made consider the following:

- a) Appropriate response measures
- b) Further analysis to better understand the risk
- c) Establishing and monitoring effective corrective actions (including remediation)
- d) Improved engagement with Stakeholders

The outcome of the risk evaluation is recorded, communicated, and validated

- 2.1 The board of directors has overall responsibility for ensuring this policy complies with our legal and ethical obligations, and that all those under our control comply with it.
- 2.2 Management at all levels are responsible for ensuring those reporting to them understand and comply with this policy and are given adequate and regular training on it and the issue of modern slavery in supply chains.
- 2.3 You are invited to comment on this policy and suggest ways in which it might be improved. Comments, suggestions and queries are encouraged and should be addressed to the HR & Support Director. This policy sets out Centerprise International Limited's. commitment to its suppliers and customers by setting out the measures we are taking to ensure that we are acting in an ethical manner.

3. Compliance with the Policy

- 3.2 The prevention, detection and reporting of modern slavery in any part of the business or supply chains is the responsibility of all employees and those working under our control. Individuals are required to avoid any activity that might lead to or suggest a breach of this policy.
- 3.3 Individuals must notify their manager or the HR & Support Director as soon as possible if they believe or suspect that a conflict with this policy has occurred or may occur in the future.
- 3.4 Individuals are encouraged to raise concerns about any issue or suspicion of modern slavery in any parts of our business or supply chains of any supplier tier at the earliest possible stage.
- 3.5 If an individual suspects a breach of this policy has occurred or that it may occur, they must notify their manager or report it in accordance with our Whistleblowing Policy as soon as possible.
- 3.6 If an individual is unsure about whether a particular act, the treatment of workers more generally, or their working conditions within any tier of our supply chain constitutes any of the various forms of modern slavery, they are to raise their concern with their manager or HR & Support Director.
- 3.7 We aim to encourage openness and will support anyone who raises genuine concerns in good faith under this policy, even if they turn out to be mistaken. We are committed to ensuring no one suffers any detrimental treatment as a result of reporting in good faith their suspicion that modern slavery of whatever form is or may be taking place in any part of our own business or in any of our supply chains. Detrimental treatment includes dismissal, disciplinary action, threats, or other unfavourable treatment connected with raising a concern. If an individual believes that they have suffered any such treatment, they should inform the HR & Support Director immediately. If the matter is not remedied, and the individual is an employee, he/she should raise it formally using our Grievance Procedure.
