

OUT WITH THE OLD

SAVE MONEY ON BRAND NEW DEVICES POWERED BY INTEL® CORE™ i3 PROCESSORS

We're seeing more and more schools being held back by budget challenges and forced to move towards buying refurbished devices. They may seem like a small saving upfront, but over the lifetime of your devices, they could actually cost you more than buying new.

With Centerprise and Intel®, you could buy new and save more over the lifetime of your devices vs buying refurbished.

Ci Renatus SFF with Intel® Core™ i3

- ✓ Full tool-less design chassis
- ✓ Optional optical drive
- ✓ Vertical or horizontal orientation

From just **£243_{+VAT}**

Why buy new?

- ➔ **Lower total cost of ownership** - lower support costs, and a longer lifespan means new devices cost less over time
- ➔ **More energy efficient** - newer technology consumes power more efficiently
- ➔ **Smaller footprint** - newer technology means more space saving options
- ➔ **Powered by Intel® Core™ i3** - get reliable Intel performance and accelerated responsiveness with Intel® Optane™ memory
- ➔ **Cost Saving** - Shape the Future pricing means up to £30 off per Windows license per PC
