CLIENT TESTIMONIALS

“ Many thanks for sending me a comprehensive set of documentation of the UAT that has now been completed. I must congratulate you on getting this difficult task completed on time. The Centerprise team have worked through very challenging circumstances of Covid-19, in addition to the larger than normal decant, in getting the implementation completed on time. Not to mention the 10-hour journeys you had to make from the South to get to Leeds. A special thanks to Alison on picking up this project and running with it so quickly and capably. The Trust have confirmed that they are happy with the completion of UAT, with the exception of a few snags that are remaining. Hopefully your efforts will be remembered through a successful opening of the new school to create a long-lasting relationship with the Trust. ”

CLIENT TESTIMONIALS

“ I'd like to give you really positive feedback for your IT staff based in 1HGR, forever going the xtra mile, without a hassle and extremely helpful! I turned up in the IT Room LG/19, adhoc and they both assisted me with various issues, which I was struggling with. They both took the time to show me where I was going wrong and I was then able to complete my tasks quickly, then teach the rest of my team! They are both a great asset to your team! ”

CLIENT TESTIMONIALS

“ I have been really impressed with how quickly things were set up, but completely bowled over with how things have been embedded so thoroughly. Getting suggestions and being listened to definitely makes a difference. From initial design meetings and advice, through to delivery and installed, to testing, adapting and improving the hardware and software we have installed. Centerprise has been readily available, with the utmost expertise and professionalism, to respond to our requests and questions. I just want to say how pleased the School has been with our choice of Centerprise. ”

Roger Ward

Head Teacher, Wynyard Church of England Primary School

“ Over the course of this project Centerprise have exceeded at listening and understanding our requirements and their knowledge and experience has been integral to the successful integration with the Federations Infrastructure. Equally, engineers and project leads were never dismissive of our own expertise and very much wanted to work with us to work with us to achieve the exact solution we needed. ”

Paul Holding

ICT Director, Mossbourne Federation

“ Centerprise International play a huge part in ensuring the future of our Academy; from building and managing all of our I.T. Infrastructure, to providing 7/24 support, ensuring our systems are 'always on' and 'Live'. We work hard to ensure our technology is always current and Centerprise International consistently advise on how we can improve our systems and where we can develop. ”
